THE CANOE UPSET

G. T. P. ENGINEER DROWNED.

Four Men Clung for Hours to an Upturned Canoe but Three Finally Gave Up and Sank

Kenora, July 11.—Major Villiers Sankey, divisional engineer of the Transcontinental Railway, with two of his party were drowned yesterday morning. Sankey, who had charge of a transcontinental party, left Kenora with three of his party, Hull, Beauchamp and Temple, for Clear Lake, twenty miles northeast of here. On reaching Manitow Lake, the party experienced a heavy wind and the canoe took in water with the result that a quarter of a mile from shore they upset. All four clung to the upturned boat, but after clinging for over two hours gradually sank from exhaustion. First Beauchamp, half an hour later Hull, and finally the gallant Major who had hung on for three hours, with a "Good-bye, friend," sank to rise no more, when within 200 yards of shore. Temple, however, half an hour later, made shore, and, covering three portages and two small lakes, reached camp at 11 p.m. and reported to the party who immediately set out to recover the bodies. So far they have not been successful. Two of the party came to Kenora at 2 o'clock this afternoon to report to the Chief Divisional Engineer, Major Hodgins. Sankey was taking up his residence here and expected his family in about three weeks. Sankey was for 15 years city surveyor of Toronto, which position he resigned to come here for the Transcontinental staff. He was also a senior major in the "Queens" and was exceptionally popular in his regiment and next on the list for command. He leaves a widow and seven children, the youngest only five years.

SCHOOL BOARD.

The Edmonton Public School Board met yesterday at 4 p.m. in the secretary's office. An application was received from Miss Battick for the position of teacher in McKay avenue school and the resignation of Miss McCartney as teacher. The Application of Miss Battick was referred to the school management committee and the resignation of Miss McCartney was accepted.

The following accounts were ordered to be paid. Electric light \$1.85, Miss McCartney \$47.35, K. W. McKenzie \$8.10, M. D. Champagne \$2.00, A. Pateman \$3.50, J. A. Stovel \$8.00, D. W. McDonald \$5.15, McIntosh & Co. \$23.50 and K. W. McKenzie \$2.35. The following accounts were referred to the finance committee to be reported upon at the next meeting, Saunders and Driscoll \$10.00, J. T. Blowey \$11.30, Miss Dunlop \$18.00 and Journal \$14.80.

The question of salaries due Miss Chagwin and Miss Battick was referred to the management committee to report at next meeting.

Trustees Taylor and Ferris reported that they had interviewed Mr. Blowey re reduction in price of seats and he had promised to make a reduction if possible but in the meantime it was necessary to get the seats in.

Trustee Gray reported that the building committee considered it inadvisable to purchase a school site near Red Creek until the Grand Trunk Pacific line was located, and also that the old school building was not worth moving that distance. On motion of Taylor and Ferris the report was referred back to the building committee for further information and particulars. The board adjourned to meet at the call of the chairman.

PUBLIC HOSPITAL DONATIONS.

The following donations were received during the month of June:—Eggs, Mrs. T. Stacey; Eggs, Mrs. Richard; Milk, Mrs. Stacey; Cream, Alberta Dairy; Jar Fruit, Mrs. Grindley; Rhubarb, Mr. Montgomery; case Gold Dust, N. K. Fairbanks & Co., Montreal; Beef, J. C. Johnston; Butter, Miss Stovel.

MINE EXPLOSION

TERRIBLE LOSS OF LIFE

One Hundred and Twenty Six Welsh Miners Lose Their Lives Through An Explosion of Fire Damp

Cardiff, Wales, July 11.—An explosion of fire damp in the pit in Rhondda valley, the centre of the great Welsh coal fields resulted in a loss of 126 lives. The first indication of the explosion was a loud report immediately followed by belching clouds of smoke issuing from the pit shaft in which 150 men were working. The force of the explosion wrecked the machinery at the mouth of the pit.

SPLENDID WHEAT AT PEACE RIVER.

Mr. J. Lestock Reid, of the Indian Department, returned today from a four month's survey trip in the Upper Peace River district. He has been surveying on the reserves of the Crees and Beaver Indians. Mr. Reid reports that Mr. Alex Brick has 75 or 80 acres of spring wheat at the English mission, about ten miles above the Peace River Crossing and he has seldom seen finer wheat growing. It is headed out and promises an excellent yield.

Mr. Reid made a record trip, coming down from Bredin and Cornwall's post at the head of Lesser Slave Lake, in five days. His party, consisting of David Adams, J. Wilson, D. Gilroy, Kenneth Cook and J. C. Baker, assistant engineer, will arrive in the city tonight. Mr. Reid says the Indians have enjoyed excellent health during the past winter, and they had the most successful hunt in years. Lynx, they say, were particularly numerous.

During a parade of the Volna regiment at Odessa, a shot was fired from the ranks at the colonel, but missed him. The shot was a signal for an outbreak which was quelled after an officer and a private had been severely wounded. The trouble was evidently a reflex of the mutiny on the Kniaz Potemkine.

A STRAIGHT FIGHT.

In Edmonton at least the fight for Provincial honors promises to be a straight party contest. For some months Mr. C. W. Cross has been before the electors as the choice of the local Liberals. At the Conservative convention on Monday evening Ald. Griesbach was chosen as candidate. In the platform which was drafted and in his subsequent interview with the Bulletin it was made sufficiently clear that Mr. Griesbach seeks election as a Conservative. The fight in the city will therefore be between two gentlemen of avowed party affiliations and professed faith in the party system of government.

As the Bulletin shall probably be constrained to offer some criticism of the policy for which he stands it may be in order to congratulate Mr. Griesbach on taking an open stand on his principles instead of endeavoring to gain an advantage by a show of false colors and to assure him that so far as the Bulletin is concerned the campaign shall be waged not against himself, but against the policy which he represents.

JAPAN'S PROBABLE TERMS

Not the least notable circumstance in connection with the Jap-Russian war has been the timeliness with which the events have followed each other so far as the arrangement of their order has been in the hands of the Japanese. It may have been a coincidence, or it may have been something more than the May number of the North American Review contained an article from the pen of a gifted Japanese gentleman on "Probable Japanese terms of Peace." It would not be surprising to those who have studied the war and its conduct if the "probable" terms prove to be very similar to the actual demands of the Japanese. These terms as outlined are:

1. The restoration of the Shimoda port treaty which at the close of the Jap-Chinese war ceded Port Arthur and a portion of the Liaoting peninsula to Japan.

2. The author significantly remarks, "Nippon would be happy in receiving the remnant of the once proud Pacific squadron of Russia."

3. The retrocession of the Island of Saghalien.

4. The establishment of the "open door" policy in Manchuria, and the return of that province to China, the latter nation to furnish a joint guarantee by Great Britain, the United States and Japan that the territory shall not be leased or ceded to a foreign power.

5. The railway from Harbin to Port Arthur must be turned over to the Japanese.

6. The cession to Japan of the Russian territory lying east of the Amur river.

In arguing the fairness of such demands, the writer contends that:

"The meaning of the conclusion of a peace treaty must needs be the same as the establishment of definite and effective measures to prevent a future war, which might arise without them." He concludes with this remarkable paragraph, "And now the people of Nippon are prepared to do either one of these two things: to die in the present struggle, under a cloudless sky, a death honored and brave, such as would have been dear to the hearts of the samurai of old; or to live in such a manner that the very idea of aggression upon their rights would be ridiculous even in the eyes of the civilized West."

MUNICIPAL MATTERS

The announcement of Ald. McLeod at last week's meeting of the city council of his intention to retire from the council board, was received with considerable surprise by the other aldermen and the citizens generally. The regret of the council was expressed in a motion that the resignation be referred back to Ald. McLeod for reconsideration. In this motion a very large number of ratepayers will concur. Ald. McLeod however announced that he had thoroughly made up his mind and did not contemplate reeking his decision. Unfortunately Ald. McLeod gave no reason for his retirement and the citizens

are left in the dark as to whether the considerations were of a private or public nature. It is known however from the discussions and votes at many of the council meetings held during the past few months that Ald. McLeod has not been entirely satisfied with the course of municipal affairs, and in the absence of other given reason, this is taken as the cause of his retirement. If the assumption be correct, it is to be hoped that the alderman will reconsider his decision and decide to remain a member of the council. In the working out of the new system of city government, and the formative stage in which the city is at present, it is to be expected that disagreements, and on some matters more or less pointed disagreements, will arise between aldermen both as to policy and administration. The differences of opinion which have developed however, while at times acute, have usually been discussed in a manner in keeping with the dignity of the body and nothing approaching a crisis of sufficient importance to cause the retirement of members of the board has arisen. Ald. McLeod was elected to the present council by a very large vote on the strength of his previous record as a member of the town council and on his reputation for integrity and business ability. To his supporters a statement of the reasons for his retirement, should his decision not be reversed, would doubtless be welcome.

The assessment roll for the present year has not been completed and the ratepayers of the city have not as yet any intimation of the mode of assessment, or the rate of taxation. According to the city charter this work should be completed by the end of May, but the necessity of preparing an assessment plan of the entire city has made this impossible. The delay is all the more regrettable that the taxation system provided by the charter is a somewhat radical departure from that previously existing. A considerable degree of uncertainty in consequence exists in the minds of the ratepayers as to how the new system will work out and as to how the taxes under this system will compare with those levied under the old plan. The delay in the completion of the assessment shortens very materially the period between the receipt of assessment notices and the collection of the taxes which in some cases may work more or less hardship. If on the other hand the city possesses and exercises the power of extending for a satisfactory length of time the date for the payment of taxes, the money required in the interim will lose the interest paid thereon. It is a matter of regret that means were not provided in the charter for delaying the adoption of the new taxation system until next year, thus allowing the entire present year for the preparation of the assessment plan.

CONSERVATIVE CONVENTION

As announced yesterday the Conservative convention that nominated Mr. Griesbach, adopted a set of resolutions. The first was binding the nominee of the convention to support the program mapped out by the convention. The second called for Edmonton as the capital of Alberta. The third instructed the candidate, if elected, to do all in his power to secure the abolition of separate public schools and state-aided separate schools in the Province. The fourth was a protest against the Dominion withholding the public domain from the province and expressing the opinion that the compensation offered in lieu of the same was unjust and inadequate. The fifth was a resolution in favor of government ownership of public utilities, mentioning specially long-distance telephone lines. The sixth was the construction and maintenance of trunk wagon roads and bridges by the province.

Mr. Griesbach said this would be his platform, and if the platform adopted by the Conservative Provincial Convention should not contain any part of his program, he would hold himself an independent Conservative to that extent, but wanted it clearly understood that he was running, in the main, on straight party lines.

AT FRASER'S MILL

A LARGE EDMONTON INDUSTRY

An Enterprise That Has Grown With The City—Lumber Business Important to Edmonton

A visit by a representative of the Bulletin to the saw mill plant of D. R. Fraser & Co. found quite an establishment down in the east end of the town. The old mill is still standing and shows by contrast the progress of this business in the past two years. The new saw mill is fitted up in modern fashion. An endless chain brings the logs up from the river and the saw carriage moves very rapidly. Most of the timber is small and it is handled with despatch. The edger works almost automatically and the lumber doesn't stop from the time the board drops from the saw until it is in the pile.

This company will cut about three and one half million feet this season in their mill here and at one they have at the limits up the river. Most of the timber is spruce and tamarac with some poplar and jack pine. The logs are floated down the Saskatchewan for about ninety miles.

The mill is driven by a Wheelock engine and about 150 horse-power is employed. The planing mill contains three planers and matchers and one surface planer, as the company turn out a great amount of dressed lumber. They are at present installing a fire fighting apparatus with several hundred feet of hose. As soon as the season's cut is out they purpose erecting a burner to consume the sawdust and refuse which has now to be carted away to be burned.

The firm has about four and a half million feet of lumber in the yard now. They report the demand brisk and quote prices from \$17 per M. up, sheeting from \$12 to \$15, shingles, constant cedar at \$2.75 per M., poplar lumber at \$14.

This is one of the industries that has grown with the town and is still in a condition to expand. The firm has about fifty hands in its employ at the present time and when working at the timber limits they engage about one hundred and twenty.

The lumber business is an important industry to the city. It is of great value to the building trades to be able to get supplies conveniently and to have a bill of lumber cut to order for certain work which necessary. Good wages are generally paid to men who work in the mills consequently their citizenship is of commercial value to the city, and the growth of the business can be, therefore, viewed with general satisfaction.

CANADA'S FINANCES

There is cause for gratification in the conditions of Canada's finances as revealed in the budget speech delivered by Hon. Mr. Fielding a few days since.

The Finance Minister expressed at the outset his regret of the late appearance of this his ninth financial statement. The delay, however, was unavoidable and had resulted in no public inconvenience, since it was well known that no extensive tariff changes were intended this year. Mr. Fielding before entering upon this statement for the past fiscal year, reviewed the fiscal year that ended with date, 1904. He pointed with pride to the surplus of \$15,000,984 for that year; far and away the largest in the history of Canada. For the eight years up to 1904, leaving out special entries in connection with the readjustment of the provincial accounts, there was only an average increase of \$34,000 in the public debt. The surplus during the same period totalled \$56,197,070, an average of \$6,024,614. The net amount paid in interest on the public debt in 1904 was \$8,895,308 as against \$9,292,659 in 1897. Coming to the fiscal year that ended on June 30th, Mr. Fielding estimated that the national revenue would total \$71,250,000, an increase of \$600,000 on the year preceding and the expenditure on consolidated funds, \$62,250,000, an increase of \$6,637,196. There was, however, no cause for alarm in this latter increase, as Canada would still have a handsome surplus of \$9,000,000 to her credit, a larger surplus than had ever been recorded under the late administration. The capital expenditure would amount, he expected, to \$12,500,000 which meant an addition of \$1,250,000 to the public debt as the net result of the year's transaction.

Continuing the Finance Minister observed that the eight years up to 1904 had been years of prosperous financial. Last year also had been very satisfactory. The nation, however, had reached a period when the revenue might only increase at a moderate degree. It was necessary to guard therefore against too lavish expenditure, but it would not do for the Government to fall into the mistake of denying the reasonable grants that were needed to assist the general advancement of the country. Wise expenditure he regarded as true economy. The happy solution of the question was to strike the medium course. Therefore, they did not shrink from even a liberal expenditure in the coming year, realizing that the public outlays of the past few years have been a conspicuous factor in the great development during that period.

The Government had this session laid before Parliament estimates on consolidated fund for the current fiscal year totalling \$66,889,998. To this about \$5,000,000 will probably have to be added next session to close up the year's accounts. This would mean total consolidated fund estimates of \$71,889,998.

He expected the revenue would be large enough to enable the Government to meet this entire bill; but as a matter of fact it would not be necessary to do so, as no Government had ever yet expended the entire year's estimate.

After providing for all outlays on consolidated fund, Mr. Fielding said he looked confidently forward to a very respectable surplus, and if the trade development is large the balance to the good in the public accounts may be correspondingly so. He looked for an increase in the revenues during the year just entered upon of about \$1,000,000 over the receipts of the fiscal year that ended with the last month.

WINNIPEG MARKETS.

From the Commercial—Wheat—The weather over the country has been very favorable for the crops during the week. Prices close today as follows, viz., 1 northern, \$1.06; 2 northern, \$1.03; 3 northern, \$1.04; No. 4, extra, 78 1-2; No. 3 wheat, 76 1-2; No. 5 wheat, 66c; feed wheat, 62 1-2; and No. 2 feed, 60 1-2 spot or July delivery. On the option market future deliveries closed July \$1.06; October, \$1.05. All prices are in store Fort William and Port Arthur.

Ons—No. 2 white, 42c; No. 3, 40c; feed grades, 36 1-2 to 37c per bushel in carlots on track, Winnipeg.

The Balance Wheel

Look inside your watch a moment. The balance wheel is making 18,000 vibrations an hour. If it is in good condition, it will move 1,538 miles in a year, and requires less than one tenth of a drop of oil to make it run. But it needs that little body. Don't take chances. Let me clean and oil and put your watch in order for a year. It will pay you and satisfy you.

WESTERN NEWS NOTES

—Regina Standard: There is a rumor going the rounds this morning that T. C. Johnstone, crown prosecutor for the Northwest Territories, is to be elevated to the bench. The Standard made enquiries at Mr. Johnstone's office, but Mr. Ross was unable to give any information. He admitted bearing the report, but said personally he had no information whatever. Mr. Johnstone himself is away from town. It is very probable that the report is true, as Mr. Johnstone's name has been mentioned in that connection for some time.

—The accident fraught with such disastrous consequences to four of Medicine Hat's railway men on Friday last through a freight locomotive boiler bursting, tempered Dominion Day pleasures with a certain degree of sadness as there are few families, some members of which did not know the unfortunate victims, says the Medicine Hat News. The train was in charge of Conductor Dan Robertson, and was in the vicinity of Kincaid when the explosion occurred. Engineer Barrett, Fireman Pritchard and Brakemen Smith and Thaird were all in the engine at the time of the accident, which is generally acknowledged to have been occasioned through the boiler pipes becoming clogged with the sediment in the muddy water. Four men were injured.

—Prince Albert Times: The business establishment of the Great West Saddlery Co. was the scene of a daring robbery last Friday night. An entrance was effected through the chute in the basement and the till from the front shop was forcibly removed and taken to the workshop in the rear and the contents rifled. Fortunately at the time only \$5.50 was in the till, but what makes the affair most daring is that a light in the front shop was lit at the time.

—Prince Albert Times: A curious and what might have been a serious, explosion took place outside the Queen's Hotel on Sunday night, when an empty whisky keg, was the cause of all the trouble. A certain individual was using the keg for a comfortable seat when someone dropped a lighted match through the bung hole and awaited results. The match at once ignited the gas from the alcohol and a loud explosion took place, the occupant of the keg being thrown several feet from the scene of disaster. The unfortunate person had his clothes and skin somewhat scorched, but otherwise escaped serious injuries.

The News in Brief.

James Duncan, a former engineer of Winnipeg, was killed at Bruno Mines.

At Lethbridge Mrs. George McNabb's clothing caught fire while she was making. Her condition is precarious.

Thos. Barrar of Lethbridge an elderly stock raiser, has been given three months in jail for unlawful possession of a horse.

Bomb-throwing at Tiflis, Trans-Caucasia continues daily. Two men were killed and thirteen persons were wounded by a bomb, and a policeman was shot last night in the centre of the city.

H. Brearley and M. Hazzard, each 17 years of age were drowned in the Moose Creek near Alameda yesterday afternoon. Hazzard got beyond his depth, and Brearley went to his assistance. The bodies were recovered.

The police at Riga Russia have arrested thirty-five terrorists, who are held responsible for the preparation of bombs and attacks on the police. During an attempt at the rescue of the terrorists one man was arrested and two policemen were wounded.

The general assembly of the Holiness people was held in Ponoka July 8. It was the first old-fashioned camp meeting ever held there. The meeting will run for at least three Sundays, and Elder W. S. Craig, leader in charge of the Pentecost Church, is present, along with Elder W. W. Jesse and wife.

His Highness the Khedive of Egypt, has accepted a copy of an Arabic Bible in three volumes from the British and Foreign Bible Society as a memento of its Centenary. His Highness, on receiving the presentation, expressed a hope that the Society met with every facility for its work in his country, and emphasized his appreciation of the good being effected through its agency. His Highness has since forwarded a large autographed portrait of himself to the Bible House in London.

Teach the rising generation to discriminate between

Sunlight Soap

and others that just look like it but lack its purity and cleansing power. It will save them the worry of experiment and the expense of injured clothes. Sunlight Soap washes equally well with hard or soft water.

THE NEWS OF THE DAY**IN CONDENSED DESPATCHES**Brief Items from many sources tell the
story of the day's events.**DROWNING ACCIDENTS.**Kenora, July 11.—James Graham of
Bunting's camp at Siskiwash at-
tempted to paddle to Cook's camp in
a birch bark canoe. The canoe was
upset and Graham drowned. He
came from Portage La Prairie.Winnipeg, July 11.—A pitiful ac-
cident occurred at St. James, where
a little American girl was drowned in
sight of her friends. It appears
three children under 10 years of age
had been in the habit of bathing in
the treacherous Assiniboine without
being looked after, and little Ruth
Stocking, daughter of Jos. Stocking,
of Buffalo, was drowned. The Amer-
icans of St. James had deferred the
Fourth celebration to the 13th, and
the child had been for several days
decorating the summer camps at St.
James in anticipation of the event.**BALL GAMES.**Winnipeg, July 11.—Full scores:
Winnipeg, 4, Duluth 3; Grand Forks
4, Superior 3; Crookston 3, Fargo 2.**FURTHER MUTINY FEARED.**Kustanj, Roumania, July 11.—The
Russian squadron is delayed here
owing to fear that another mutiny will
break out should the vessels put to
sea. Fifty-five sailors from the
Kiaz Potemkin who surrendered,
have been imprisoned on board the
different vessels of the squadron
awaiting trial for rebellion. This has
created intense indignation among the
cruisers, and as a consequence there are
fears of another mutiny.**AMERICAN POACHER CAUGHT.**Vancouver, B.C. July 11.—The Seat-
tle halibut schooner North was cap-
tured by the Dominion revenue cut-
ter Kresnel while poaching off Na-
gano Sound. The North was towed
into Vancouver by the Kresnel. The
Frankie schooner had a fifty horse
power gasoline engine and tried hard
to get away. She was run down fivemiles from shore. Her captain Hans
Jansen, says the Canadians have no
right to arrest him five miles from
shore.**IN SEARCH OF A KING.**London, July 11.—The offer of the
Norwegian throne has been made to
King Edward's son-in-law Prince
Charles, of Denmark. The matter is
under consideration. King Edward
and the British Government are fav-
orable to the project, but much de-
pends on King Oscar's attitude.**C. N. R. WILL PROCEED
WEST.**Railway and Shipping World: Ed-
monton, Yukon and Pacific Ry.—
When the company's application for
an extension of time for the con-
struction of the line was before the
Senate Committee of the Dominion
Parliament, June 9, W. H. Moore,
Secretary of the Canadian Northern
Ry., stated that as soon as that line
reached Edmonton, work would be
gone on with on this line to the coast.**THE CONFIDENCE MAN**Albertan: Henry Alvozzo, a young
man who arrived in this bustling city
Saturday night, is anxiously looking
for a most agreeable and congenial
companion of a few days' acquain-
tance whom he met on the train com-
ing here from Manitoba.
Henry is from Deloraine, Man., and
worked hard enough and long enough
in that thriving burg to accumulate
a whole lot of money. He had a
good job there, but like many others
he read of all the great advantages
of Sunny Alberta, and decided to
come west. He purchased a ticket to
Didsbury, and bidding friends and
Deloraine good-bye, started on his jour-
ney. On the train he met a tall,
fine-appearing young man about
twenty-five years of age, who was al-
so on his way to this part of the coun-
try.The two soon became good friends
and decided to travel together as
far as Calgary. They arrived here
Saturday night and spent Sunday
together in seeing the sights. Sever-
al times during the day Henry pulled
his wad out of his pocket and ex-
hibited it proudly to his companion.
Sunday evening they had supper
together in one of the restaurants,where they also engaged a room for
the night, and, feeling rather weary
after the long journey and sport of
the day, they retired rather early.
Henry's companion got into his bed
first, and was soon apparently
asleep. Henry hung his vest, which
contained his bunch of bills, on the
end of the bedstead, and was also
asleep in a few minutes. He awoke
at six o'clock yesterday morning and
looked for his new-found friend, only
to find he was gone. So was \$144
of Henry's money, and at the lat-
est accounts last night, neither the
friend or the money had been locat-
ed.**WEATHER.**Winnipeg, July 12.—The weather
has been moderately warm with
showers in the Territories, very warm
in Manitoba, with heavy showers in
eastern and southern parts accom-
panied with heavy electric storms.
Light hail is reported in the Carman
district.Scattered showers are probable but
mostly fair and moderately warm
weather may be expected today and
Thursday.Temperatures recorded during past
twenty-four hours.

AN EDMONTON MAN

WON THE SECOND PLACE

A. Cameron Secures Second Money in
The First Competition of The Ter-
ritorial Rifle Association

Calgary, July 11.—The Alberta match was the first competition in the Territorial rifle shoot here. The shoot took place this morning. The trophy was won by R. W. Chamberlain, Calgary, score 81; A. Cameron, of Edmonton, scoring 59. The other Edmonton men ranged as follows:

T. McNaughton	22nd	55
G. Pearce	23rd	53
J. Carmichael	27th	53
W. Bedard	31st	53
J. J. McKenzie	33rd	51
J. Elsdon	36th	50
T. H. Whitelaw	39th	49

The trophy for this match was presented by N. D. Jackson and is accompanied by cash prizes amounting to \$135.

THE LIQUOR MEN WANT AMENDMENTS

The Alberta Licensed Victuallers' Protective Association held a meeting in the council chamber, Calgary, on Friday evening. President Manley of Coleman presided. The special committee appointed to draft rules and by-laws for the new association handed in their report. The rules and by-laws of the Territorial Association were adopted. Resolutions were also adopted favoring these amendments to the present liquor ordinance.

To restrict the number of licenses granted to villages of 700 population to two. Towns with a population of 700 to 1,000 to be granted three licenses, and that one additional license be granted for each 100 above that.

Calgary now has eleven places licensed to sell liquor. Under this amendment fourteen liquor licenses could be granted to that city.

Another resolution was adopted favoring an amendment compelling all hotels in town and cities to provide not less than 30 bedrooms for the accommodation of guests, and all hotels in villages to have not less than 20 bedrooms for the same purpose.

If these two amendments were added to the present liquor ordinance, the members of the association thought the travelling public would receive better accommodation, and a more desirable class of business men would be attracted to the liquor business and that it would also prevent the too promiscuous granting of licenses to undesirable characters.

Robbers and Robbed

Thos. W. Lawson the author of Franked Finance has begun a campaign in the Central States against the trusts. The nature of his remarks may be judged from his address at Ottawa, Kansas, on Saturday last which began in this fashion:—

"Two factors are inevitable in every robbery—the robber and the robbed."

"Most people feel themselves with belief that a robber makes a robbery. This is an error. There must be a victim—someone who submits to being robbed. Without the victim the boldest highwayman on earth is as impotent as a dry well. All robbers become honest men or convicts when the other party in the affair refuses to participate."

"When you hear a great people complain of being robbed, don't be indignant. Get disgusted. To an individual who has been held up and made to disgorge, some sympathy may be due, for he, perhaps, has been caught unawares or overpowered, but when a great, free people is robbed, somewhere their manhood must be at fault."

"Between robber and the robbed the wide difference is all in favor of the robber. He has a motive for his act—gain. The robbed loses. In robbery there is excitement; being robbed is a humiliation. To rob, one must be pluck and nerve; the robbed who do not resent are cowards."

"The robber transgresses the laws of God and man, but they who allow themselves to be robbed infringe the laws of manhood and the first law of nature—self-preservation."

"Robbery is no invention. It has existed since the world began. Slavery is its twin brother. The fabric of civilization represents the organization of society against robbery."

"Robbery is where one takes from another without his 'by your leave' that which the other does not desire to part with. Slavery is the condition of subjection to the will of un-

der by habit. When a great free people submit to being robbed they are on the way to being made slaves. Slavery is usually follows robbery endured as the bit and saddle the capture of the Mustang."

SEALED TENDERS addressed to the undersigned, and endorsed "Tender for additions, &c., Post Office, Calgary," will be received at this office until Monday, August 7, 1905, inclusively, for additions and alterations to the Post Office, Customs, &c., building at Calgary, N.W.T., according to plans and specifications to be seen at the Department of Public Works, Ottawa, Ont., and at the office of Paul Paradis, Esq., Resident Engineer, Calgary, Alta.

Tenders will not be considered unless made on the printed form supplied, and signed with the actual signatures of tenderers.

An accepted cheque on a chartered bank payable to the Order of the Honorable the Minister of Public Works, equal to (10 p.c.) of the amount of the tender, must accompany each tender. The cheque will be forfeited if the party tendering declines the contract or fails to complete the work contracted for, and will be returned in case of non-acceptance of tender. The Department does not bind itself to accept the lowest or any tender.

By Order,
J. E. GELINAS,
Secretary,
Department of Public Works,
Ottawa, July 5, 1905.

Newspapers inserting this advertisement without authority from the Department will not be paid for it. 150-161 chg.

NOTICE

Board of Railway Commissioners for Canada

The Board of Railway Commissioners for Canada will hold sitting as follows:—

At Port William, Ont., on the 7th day of September, 1905.

At Winnipeg, Man., on the 11th day of September, 1905.

At New Westminster, B.C., on the 19th day of September, 1905.

Notice of the specific places and hours of sitting at these points will be given later.

The Board will not sit at other points in Western Canada, unless for the purpose of hearing complaints, which shall have been formally made to it in writing, and duly served upon railway companies or other parties interested, in sufficient time to have become ripe for hearing under the General Rules of the Board.

Attention is called to the following provisions of the rules:—

"A. Every proceeding before the Board under this Act shall be commenced by an application made to it, which shall be in writing and signed by the applicant or his solicitor; or, in the case of a corporate body or company being the applicants shall be signed by their manager, secretary or solicitor. It shall contain a clear and concise statement of the facts, the grounds of application, the section of the Act under which the same is made, and the nature of the order applied for, or the relief or remedy to which the applicant claims to be entitled. It shall be divided into paragraphs, each of which, as nearly as possible, shall be confined to a distinct portion of the subject, and every paragraph shall be numbered consecutively. It shall be endorsed with the name and address of the applicant, or if there be a solicitor acting for him in the matter, with the name and address of such solicitor."

"The application, so written and signed as aforesaid, shall be left with the mailed to the Secretary of the Board, together with a copy of any document, or copies of any maps, plans, profiles, and books of reference as required under the provisions of the Act (a) referred to therein, or which may be useful in explaining or supporting the same."

"The complainant must have the application served on the opposite party, who is allowed ten days from service of the application to answer it, and the applicant is allowed four days from the receipt of the answer to reply to it. Ten days notice of hearing must be given, unless for special reasons the Board shall order otherwise."

Dated at Ottawa this 22nd day of June, 1905.

A. D. CARTWRIGHT,
Secretary, B.R.C.

Farmers' and Threshers' Supplies

in the West, and the prices are always the best going.

We consider it a pleasure to answer all enquiries both as to the goods and prices.

Ross Bros. Ltd.

LAST BRITISH TAR

WILL SOON LEAVE CANADA

M. F. S. Held Caucuses to Discuss the
Question of Raising Their Salaries

Ottawa, July 11.—Speaking on Sir Frederick Borden's military bill today Sir Wilfrid Laurier said Canada should not have a separate navy, but contribute to the British navy. He expected to see the disappearance of the last British Tar and the last British soldier from Canadian soil by Canada taking over Halifax and Esquimaux. The bill was read the second and third time.

In supply a debate took place on the item of \$6,500.00 for machinery for keeping out diseased immigrants at Vancouver and Victoria. Messrs. Foster and Haggart opposed it and the item was held over for further information.

Both parties held a caucus today and discussed the question of sessional indemnity for members and senators as well as increasing the salary of ministers and giving a minister's salary to the leader of the Opposition. Nothing was decided on.

On an item in the estimates for Dominion lands, Dr. Roane, Foster and others said there were too many homestead inspectors employed and some of them took part in politics. They wanted the Minister of the Interior to say what he would do to these. Mr. Oliver replied that he would not be forced to say in advance what he would do in a particular case. Each would have to stand by itself.

FREIGHT SHIPMENTS

During the month of July one hundred and eighty-six cars of freight came into Edmonton over the E. Y. & Pacific railway, and so far in July eighty-two cars have arrived. Against this, forty-eight loaded cars of freight were shipped out in June and in July up to date seventeen.

Of the freight arriving, forty-four cars were loaded with cement, fifteen with sugar and twelve with hardware. There were eight cars of groceries, eight of iron pipe, and also eight loaded with implements. There were seven cars each of furniture and flour and six cars of wire. Five cars of settler's effects arrived and an equal number of cars of lime for building purposes. Four cars were loaded with fresh fruit and as a contrast the same number were loaded with salt. Three cars of oil arrived and one car each of glass, tea, stoves, soap, sewing machines, carriages, horses and butter tubs.

ALBERTA COLLEGE DIPLOMAS

LOCAL

—The Fort Saskatchewan fair will be held on Wednesday, August 3.

—The tennis match was called off last night on account of the rain.

—The Capitals left for Fort Saskatchewan to play baseball this afternoon.

—Prof. Riddell, left this morning on his lecture tour, he makes his first stop at Montreal.

—There is a rumor on the street that an "Independent" convention is to be called in the city to nominate a candidate.

—Deacon Elias Ekmund, of the Chaldean church of Mesopotamia, is in the city. He is on a tour of America, collecting funds for building a church and orphanage in his country.

—The Northwest Electric Co. was today awarded the contract for wiring the Empire block. A combination electric elevator for freight and passengers, is going to be installed in this block; the contract for it has not yet been let.

—The Orange picnic to have been held in the city today did not materialize, most of the members going to Fort Saskatchewan. A delegation from Strathcona also went to the Fort.

—The stone cutters began work this morning on the stone for the new Merchants' Bank building. The excavating is almost completed and the work will be gone on with at once. A. C. Chas. May is the contractor.

—Miss Helen Kirby Ferguson, Toronto's leading contralto, will assist J. D. A. Tripp, at the piano recital on Friday night in McDougall church. Miss Ferguson is contralto soloist of old St. Andrews Presbyterian church, Toronto.

—The steel rails for the construction of the track at the hoist, at the foot of First street are on the ground and the excavation for the track is well underway. It looks as though the much talked of hoist was really going to be constructed.

—W. T. Henry, of Agricola, brought in a sample of fall wheat this morning which measured 1 ft 2 inches in height. Mr. Henry has quite a few acres similar to the sample and it gives promise of an excellent yield. The wheat is nicely headed out.

—The police court will hear evidence tonight against Wm. Barnes for non-support of his wife. The Chinese case was up again last evening and a few more complications were added unto it in the shape of evidence. One drunk was taken care of last night in the cells.

—A basket picnic under the auspices of the Emmanuel Church Women's Guild, New Lunnion, will be held on Thursday afternoon, July 20, opposite the residence of Mr. D. B. Clark. A refreshment booth and the usual sports will be in evidence.

—The announcement has been made of the appointment of H. H. Abbott as assistant general freight agent of the C. P. R. at Calgary. Mr. Abbott has been agent at Vancouver for the last three years and previously at Portland. He succeeds Geo. H. Smith who has been made assistant general freight agent at Winnipeg. Mr. Abbott has been with the company since his boyhood, and is a son of H. Abbott, formerly general superintendent of the Pacific division.

—J. S. Dennis, of Calgary, assistant to the Second Vice-President of the C.P.R. has been in British Columbia on a very important mission. The C.P.R. have decided upon developing the latest resources of Vancouver Island and a great part of the mainland, particularly in reference to ag-

gricultural possibilities. The C. H. G. has acquired 1,500,000 acres of land on Vancouver Island in the vicinity of Victoria, and the idea seems to be to develop and clear it, and to turn it into a fruit district. The problem of clearing the land has been referred to Mr. Dennis.

—The customs receipts for the year ending June 30th show a slight falling off as compared with last year. The receipts last year amounted to \$61,654.29, while for the year just ended they amounted to \$57,994.47. This is accounted for by the fact that very large shipments from across the ocean came in during the month of June last year, but this year they are delayed and are arriving in this month of July, which prevents their addition to the year just ended, otherwise the totals for the two years would be about equal. The two best months of the year were August and September. In the month of August the customs receipts amounted to \$8,913.04 and in September \$9,808.00.

—Alberta: At a meeting of the city council last night a letter was read from John Lineham, representing the Calgary Street Railway Company, asking for the permission of the council to proceed with the construction of an electric street railway. The Calgary Street Railway Company received a charter some years ago for building a street railway in Calgary. The charter provides that nothing was to be done until the consent of the city was secured. The consent of the city is the request of Mr. Lineham. "It seems to be the general opinion that any street railway to be built in the city will be built by Calgary," said the mayor when the letter was read. The communication was referred to the finance committee of the council.

—Calgary Herald: Mr. Pittman and the Edmonton ball team ran away with the Doll jewelry and cup Saturday afternoon. They won the third game of the three by a score of 3-1. This gave them two wins here. They lost the first game when they played Mr. Vining, the slab artist whom they imported this season. Bill Pittman will have a niche in the Edmonton temple of fame. When in a few short years Calgary has grown to be the Chicago of Canada and Edmonton is still struggling for existence, and spoken of as a town just across the river from Strathcona, men will tell how "me an' me gang" beat Calgary at a ball game. Let them not forget that they paid transportation for a few outsiders. Even Strathcona, whom they profess to despise, was searched over for a first baseman. However, they won the two games here and Calgary won one at Edmonton, and one here, with better scores than Edmonton made, so at present it is a standoff.
